Breathing Apparatus type DRAEGER PSS 3000

Art.Nr.: 3357794

Breathing Apparatus DRAEGER PSS 3000 EN 137:2006 Type 2 vfdb, 0802.

Basic unit with pressure gauge and bottle strap for single bottles.
Complete with pressure gauge with phosphorescent dial, injectorless whistle, integrated into the cap of the pressure gauge, guided over the shoulder combined cable for medium pressure to whistle and integrated high-pressure line for gauge.
Ergonomically shaped carrying frame of carbon fiber reinforced material, medium-and high-pressure hoses are protected with carrying frame housed and prevent snagging in use or when donning and doffing.
The grippy non-slip surface of the strap ensures that it stays in place and secure the SCBA to the body.
The handy medium-pressure coupling allows the regulator to solve quickly, even with gloves. Pressure reducer with air delivery> 1000 l / min, enough for 2 people, optionally fitted with an adapter with check valve for a 2nd regulators or supply hose. The closed-cell material of the harness significantly reduce the absorption of dirt and makes cleaning and decontamination.
Wide waist belt and load-reducing harness, stable fit and comfortable to wear.
Easy to use with little training effort, setting large and easy to use plastic buckles. Low maintenance costs by quickly and easily removable components.

Weight: about 2.70 kg
