Dry Suit VIKING™ HD

Art.Nr.: HA200001

Dry Suit VIKING™ HD.
Material: Blend of natural and synthetic rubbers (NR/EPDM), lining: two way stretch knitted polyester.
Weight: 1550 g/m² ± 100 g.
Colour: Red with black reinforcements or all black.
Seams: Internal seams stitched together with an elastic tape for security. External seams vulcanised with a 25 mm rubber tape, ensuring watertight seams.
Reinforcements: additional layers of anti slip textured rubber. The shoulders and zipper are reinforced. The front of the legs from above the knee, down to the boots, and around the boots are also protected from abrasion and puncturing.
Zipper: Back entry, heavy duty, 90 cm.
Valves: Standard configuration includes Viking Push protected inlet valve (central chest), Viking X2 exhaust valve with 2 mushroom valves for added security (upper left arm), connection hose.
Latex cuffs and latex neckseal, rubber boots with a heavy duty flexible rubber outsole with a non slip surface for grip and fin strap retainer. Suspenders, carry bag, user manual, repair kit, zip care materials come with each suit.
Other options and accessories on request.
EN 14225-2:2005 Standard.
Sizes: 01 - 04 (M - XXL), wide sizes: 01 - 04 (M - XXL).
