Breathing Air Compressor PE 250/300 HE

Art.Nr.: HA100008

Horizontal design, for a space-saving installation.
The PE 250 / 300-HE horizontal models are by far the most compact high pressure breathing air compressors in their class.
Owing to the space-saving arrangement of block and drive, the HE range requires a minimum of floor space in spite of its high throughputs.
The standard version comes already equipped with automatic condensate drain and easy-to-use control.

The following models are available:
- PE 250 HE: delivery performance: 250l/min, filtersystem P31 / P42, motor 5,5 kW three-phase 400 V, 50 Hz
- PE 300 HE: delivery performance: 300l/min, filtersystem P31 / P42, motor 7,5 kW three-phase 400 V, 50 Hz

Weight/Dimensions: L x W x H in cm : appr. 220 kg / appr. 110 x 69 x 99
When ordering please specify the desired operating pressure (225 bar or 330 bar)

Furthermore, the following options are possible:
- Other operating voltage / frequency
- SECURUS supervision (only by P 42 Filter system)
- B-Timer
- various filling connections or connection combinations

Specification

Volume: cc 0
