

RadioLink module Ei600MRF, Lithium 3V 10 years battery

Art.Nr.: S32200023

RadioLink module Ei600MRF, Lithium 3V 10 years battery

- Simple plug in modular design
- House Coding confines communication to selected RadioLink devices.'

By simply plugging a radio module

The following devices can be networked via radio:

- Ei650W
- Ei650iW
- Ei650C
- Ei650iC
- Ei603TYC-D

When the Ei650 detects smoke the Ei600MRF module will transmit RF data to all other RadioLink devices with the same house code, sounding all the alarms in the system.
